Activities

Education and Events: Special explorations of Singletary Lake State Park can be arranged for your group or class. Requests for these park programs must be made in writing at least four weeks in advance of the anticipated park visit. Contact the park office for program request forms.

Educational materials about Singletary Lake State Park have been developed for grades 6-8 and are correlated to North Carolina's competency-based curriculum in science, social studies, mathematics and English/language arts. The Singletary Lake program introduces students to the unique geology of Carolina bays.

Camping: Singletary Lake State Park has two organized group camps available to nonprofit organizations. The camps provide a unique camping experience, creating the perfect setting in which to interpret natural surroundings and to unite in work and play.

Both camps are accessible for persons with disabilities and include a mess hall, campers' cabins and restrooms. All amenities are provided for campers except for food, cleaning supplies and bed linens. For additional reservation and fee information, contact the park office.

Trails: CCC-Carolina Bay Loop Trail is an easy one-mile trek that begins near the pier at the lakeshore. Journey through a forest of bay shrubs, cedar, cypress, gum and poplars. The return segment of the trail takes you through a forest of longleaf pine and bay vegetation.

Water Sports: While camping in the park, take advantage of the recreation opportunities offered by this unique bay lake. Relax along the lakeshore among beautiful cypress trees—some which sprouted more than 400 years ago.

A pier more than 500 feet long extends into the lake providing a perfect place for swimming and sunning. Swimming is permitted only for group campers and only in the designated area. Lifeguards are not provided; group leaders must provide swimming supervision.

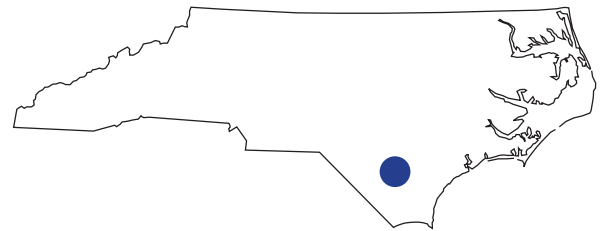

Campers can bring their own watercraft (limit 10 horsepower).

Though fish populations are low due to the acidity of the water, the lake has a population of yellow perch ready to provide a challenge for fishermen. The public may fish in the lake when the group camps are not in use by obtaining permission from park staff.

Location

Singletary Lake State Park is located in Bladen County on Highway 53, ten miles southeast of Elizabethtown and six miles east of White Lake.

Park Hours

Year-round 8 a.m. - 5 p.m.

Closed Christmas Day

Public access is restricted when group camps are reserved

Please visit the North Carolina State Parks website or contact the park for **the most current information** about activities, alerts, camping, fees, hours, programs, reservations, rules, and weather.
